

# CUSTOM GRADE MARINE HARDWARE

## No. 18 RECTANGULAR WINDOW

Now available with 14° Beveled Spigot for slanted deck houses — water will not accumulate at lens frame — in sizes 4" x 11", 5" x 12", 7" x 14" and 8" x 18".

Note arrows showing set screws at hinges. Our set screw construction at hinge points will give correct tension on rubber gasket at all times insuring watertight fit.

MODERN  
DESIGN

Patent No.  
2466549

This popular window has OUR patented lens frame with concealed fastenings, no screws showing. The appearance of this window is very attractive due to the smooth flowing lines. The aluminum windows are very light in weight and are cast of a corrosion resisting alloy and furnished with stainless steel hinge pins and set screws. We recommend that aluminum windows be anodized.
