| Vernier Cable (35')                                                                                                                                                                              | CC34535             |
| Vernier Cable (40')                                                                                                                                                                              | CC34540             |
| CONDUIT FITTING KITS:                                                                                                                                                                            |                     |
| Use these (formerly known as Hub Adapter Kits) to mount utility cables to mount in either bulkhead or clamp type applications.                                                                   |                     |
| Bulkhead Adapter Kit                                                                                                                                                                             | 300673              |
| Clamp Adapter Kit                                                                                                                                                                                | 302485              |
| DC CONTROL:                                                                                                                                                                                      |                     |
| Converts standard 3300/33C cable into a utility control. Install through a panel or mount nearly anywhere with optional bracket.                                                                 |                     |
| DC Control                                                                                                                                                                                       | 301916              |
| Uses                                                                                                                                                                                             | 3300/33C type Cable |
| Mounting Bracket (stainless steel)                                                                                                                                                               | 048210              |

## UTILITY CABLE:

An easy-to-install, easy to operate flexible push-pull cable for remote control of choke, throttle, shut off, fuel valves, vents and many other applications.

- Available with both knob and T-handle.
- Solid stainless steel core wire resists corrosion, moves easily in HDPE liner.
- HDPE outer casing for durability and best resistance to UV and chemicals.

## VERNIER CABLE:

Great for throttles or other applications where precise control is desired. Push the button for fast easy setting of approximate position, then turn the knob for micro adjustment.

- Positive, adjustable brake maintains settings regardless of vibration or governor back pressure.
- Uses standard Teleflex Marine throttle connection kits.
- HDPE outer casing for durability and best resistance to UV and chemicals.

## FOR USE ON:

Remote control of choke, governor, throttle, fuel valves, vents and other applications.
